

# SB-6 SHOT BLASTER

The SB-6 Shot Blaster is a lightweight, portable solution ideal for small to medium-sized surface prep jobs. Its versatility makes it one of the most adaptable machines in its class. The SB-6 features an adjustable handle, allowing the operator to push or pull the unit and easily blast in tight corners, including under shelving and machinery.

The horizontally fed blast wheel produces a tapered edge pattern, eliminating the striping effect, while interchangeable rear liners allow for quick blasting of 4" and 5" line stripes. Designed with the liners and housing as a single unit, the SB-6 enables easy replacement of all wear components. When paired with a Warrior Equipment vacuum, the system achieves a virtually dust-free shot blasting operation.

**ACCESSORIES:**  
**MAGNETIC BROOM**  
 SKU# BW-M30  
**BAG OF SHOT**  
 SKU# TL-7345

## GREAT BENEFITS

- Great for garage floor prep
- Easy maneuvering under shelving
- Small enough for trim work
- Great for basement floor prep
- Can be used for line stripes

<b>Production Capability</b>	200 to 400 Square Feet/Hr (19 to 37 Square M/Hr)	<b>Cleaning Path</b>	6" (15cm) 4" (10cm) Line Stripe Adapter (optional)
<b>Housing Construction Material</b>	Manganese	<b>Interchangeable Liners</b>	All
<b>Wheels</b>	4 @ 3-1/15" Poly	<b>Length</b>	16" (41cm)
<b>Height</b>	20" (41cm)	<b>Width</b>	14" (36cm)
<b>Weight</b>	120lbs (54kg)	<b>Shot Capacity</b>	15lbs (7kgs)
<b>Shot Impact Force</b>	176MPH (283km/h)	<b>Blast Clearance From Wall</b>	Side - 1.25" (3cm) Front - 10" (25cm) Rear - 6" (15cm)
<b>Seal System</b>	Floater Plates & Brushes
