

SLURRY GEL

The Concrete Protector's Slurry Gel is a non-hazardous powder designed to quickly absorb concrete slurry, turning it into a solid, gel-like material that can be safely disposed of in any standard trash container. Simply sprinkle or add the powder to wet slurry, mix, and it rapidly absorbs the moisture, making cleanup fast, safe, and convenient during polished concrete grinding.

ACCESSORIES:

LOGO 60#
SKU# SCP-6181

WARRIOR SAMSON
SK# WE- 2618

GREAT BENEFITS

- Environmentally friendly solutions
- Concrete slurry collection and disposal
- Reduce waste disposal costs
- Quick solidification
- Capable of absorbing up to 250 times its weight in water with less than 1% swell
