

GET-A-GRIP

The Concrete Protector's Get-A-Grip is a non-skid additive made from polypropylene, designed to minimize slipping and improve traction. This non-hazardous anti-slip additive is compatible with a wide range of coatings and offers excellent suspension, particularly when blended into urethane, epoxy, polyurethane, or acrylic sealers.

Get-A-Grip is ideal for use on concrete and masonry surfaces, including slopes, driveways, garages, steps, patios, pool decks, and more, providing enhanced safety and slip resistance.

ACCESSORIES:

NEAT COAT EPOXY

SKU# EN-6308

ACRYLIC SHIELD 25

SKU# SE-2803

GRANISEAL

SKU# UT-4401

GREAT BENEFITS

- Easy to use
- Environmentally safe product
- Aids in slip-resistance
