

STAMP MIX

The Concrete Protector's Stamp Mix is a single-component overlay blend reinforced with strengthening fibers for exceptional durability and performance. Designed for residential and commercial horizontal applications—both interior and exterior—it allows installers to create authentic stamped or hand-carved finishes that replicate the look of wood, stone, brick, pavers, tile, slate, rock, and more.

Stamp Mix can be applied at thicknesses up to 1 inch or less. Simply prime the surface, add water, mix thoroughly, and the material is ready for placement and stamping.

ACCESSORIES:

HIGH DENSITY RESIN

Sku# DM-5406

CP MINERAL PIGMENT

Sku# DC-2022--DC-2099

STAMPS

Sku# TL-7271--TL-7295
