

## RUST REMOVER

The Concrete Protector's Rust Remover effectively and safely eliminates rust from concrete, stone, and masonry surfaces. Non-hazardous and environmentally friendly, it will not damage grass or vegetation when applied to driveways, sidewalks, or outdoor areas. This product is perfect for removing rust, fertilizer, and battery acid stains from basement or garage floors, walkways, driveways, steps, stone or concrete walls, bridges, pavers, and more. It rinses easily with plain water, is biodegradable, and contains no phosphates. When mixed according to instructions, the powder forms a gel that adheres well to vertical surfaces for thorough stain removal.

### **ACCESSORIES:**

#### **HOVER SCRUBBER**

SKU# EQ-7145
