

MPP JOINT FILL 80

Match Patch Pro Joint Fill 80 is a two-component, moisture-tolerant joint filler available in “Neutral” and “Everyday Grey.” Specifically formulated to visually match existing concrete while providing the abrasion resistance needed for architectural, clear-sealed, and polished concrete floors, this product delivers both performance and aesthetics. It comes in 10-gallon kits or convenient two-component dual cartridges for easy application.

Ideal for joints and cracks in both new and existing concrete, Match Patch Pro Joint Fill 80 offers simple installation, minimal maintenance, and exceptional adhesion. Its fast-curing formula allows installation in as little as 60 minutes, letting equipment, such as forklifts, resume use the same afternoon. For a joint filler that combines quick turnaround, durability, and superior adhesion, Match Patch Pro Joint Fill 80 is the perfect solution.
