

PERFECT POLY 90

The Concrete Protector's Perfect Poly 90 is a 90% solids, UV-resistant polyaspartic topcoat designed for use with GRANIFLEX systems. Fast-curing and formulated for thin-mil applications, it meets VOC requirements for environmentally regulated areas, including Southern California. Perfect Poly 90 delivers long-lasting wear protection for Sani-Tred® or GraniFlex surfaces.

This topcoat offers excellent scratch resistance, extended working time with a slower pot life, and lower odor compared to most polyaspartic sealers, making it an ideal choice for a durable, high-performance finish.

ACCESSORIES:

Perfect Poly 90

SKU: UT-4515

MAGIC TROWEL

SKU: TL-7103

WTF Topcoat Roller

SKU: TCR-1001
