

ADAPTER FOR 7" DUST GRABBER

The Concrete Protector's 7" Dust Grabber Adapter is a precision-machined aluminum adapter designed to fit most 7" angle grinders. It provides a secure, snug connection and is specifically intended for use with the Hum-B stand-up grinder.

The 7" Original Dust Grabber features a robust metal body and durable polymer seals. Its patented seal design generates a vortex of air around the shroud's edge, preventing suction lock and allowing the grinder to glide smoothly across the surface like a puck on ice. This user-friendly design does not compromise dust collection, capturing up to 99% of airborne dust. Additionally, the patented polymer seal can be easily replaced without disassembling any other components.

ACCESSORIES:

HUM-B GRINDER

SKU# PB-7169

COMMERCIAL HOSE 2" x 25'

SKU# PB-7153

7" PCD 24 Segment=

SKU# DCW-8749

GREAT BENEFITS

- Can be used with most 7" angle grinders
- Enables up to 99% capture
- Tight, secure fit
