

MASKING FILM

The Concrete Protector's Masking Film is made from high-density polyethylene (HDPE) and is designed to protect surfaces during painting and finishing projects.

It effectively shields areas from paint overspray, dust, and debris, and its cling properties make it an efficient solution for masking off sections during painting, staining, or other finishing applications.

ACCESSORIES:

TAPE GUN
SKU# SCP-6231

GREEN TAPE
SKU# TP-7507

TAPE GUN BLADE
SKU# SCP-6229

GREAT BENEFITS

- Works great with tape applicators/maskers
- Clings to surface for easy application
- Lets light in when used on windows
- Attracts overspray and reduces flaking It clings to most surfaces
