

## **TERRCO TO 3 PIN DZ SPHERES ADAPTER (OLD STYLE)**

The Concrete Protector's Terrco to 3 Pin DZ Spheres Adapter (Old Style) is designed to enable Terrco floor grinding machines to use diamond tooling with a 3-pin DZ spheres connection. This adapter ensures a secure, efficient attachment of diamond grinding tools, delivering optimal performance for concrete polishing and surface preparation. By bridging older Terrco models with modern diamond tooling systems, it enhances versatility across a range of grinding and polishing applications.

### **GREAT BENEFITS**

- Crafted to exact specifications, ensuring a perfect fit between the Terrco machine and 3-pin DZ spheres diamond tools.
- Can withstand the rigors of concrete grinding
- User-friendly, allowing for quick attachment and detachment of tools
- Compatible with a wide range of diamond tools designed for polishing, grinding, and surface preparation
- Specifically designed for use with older Terrco models
