

TRANSFORMER 800# 5"X 3MM VELCRO BACKED

The Concrete Protector's Transformer 800# 5" x 3mm Velcro-Backed Pad is a versatile and high-performance polishing tool designed for fine surface preparation. With an 800-grit rating, it delivers a smooth, refined finish on concrete surfaces. Its 5-inch diameter and 3mm thickness make it compatible with most Velcro-backed polishing machines, providing secure attachment and easy pad changes. Ideal for prepping surfaces before applying sealers or coatings, this pad ensures professional-quality results.

GREAT BENEFITS

- Ideal for fine polishing
- Velcro backing allows for quick and easy attachment
- Enhances surface appearance, providing a professional-grade result
