

SCANMASKIN ADAPTER TO LOGO SPHERES

The Concrete Protector's Scanmaskin Adapter to LOGO Spheres is a precision tool that allows Scanmaskin grinding machines to use the LOGO Spheres system seamlessly. This adapter enables enhanced grinding, polishing, and surface preparation on concrete, terrazzo, and other hard surfaces.

Made from high-quality, wear-resistant materials, it is built to handle the demands of heavy-duty grinding and polishing. Designed for quick and easy installation, the adapter allows users to switch between tools with minimal downtime. It supports LOGO Spheres in various grits, from coarse grinding to fine polishing, providing flexibility for every stage of surface preparation

GREAT BENEFITS

- Fast and easy tool changes
- Enables the use of different tooling systems
