

PAIL OPENER

The Concrete Protector's Pail Opener is a durable plastic tool designed for quick and easy removal of 5-gallon bucket lids. Constructed from tough polyethylene, it is built for long-lasting use in demanding jobsite conditions.

The handle features an integrated finger grip that provides improved leverage, making it easier to open even tightly sealed lids. For added convenience, the tool includes a built-in hole for attaching a wrist strap, allowing for secure carrying or simple storage when not in use.

GREAT BENEFITS

- Made with hard durable materials
- Quality construction
- Won't rust
- Sturdy molded plastic
