

## SANI-TRED® QUICK PATCH

SANI-TRED® Quick Patch is a two-component polyurea repair product, which will effectively patch and repair concrete and masonry substrates. This product repairs concrete by penetrating deep into the concrete's pores and bonds with the concrete to form a permanent molecular bond. This adhesion means that the concrete is protected and covered with a high quality that other products cannot match. Concrete repaired with Quick Patch will be protected by 2,200 psi tensile strength and up to 35% elongation. Quick Patch repairs concrete and provides unrivaled protection.

Repairing concrete is a vital part of keeping many spaces functional and aesthetically pleasing. Keeping concrete functional and looking great is an essential way to keep residential, commercial, or industrial spaces performing its intended purpose. The key to true concrete repair, is finding a product which can patch concrete and maintain durability that matches the underlying surface and not just to cover it up. The best concrete patching products are those that fill in cracks, holes, and imperfections and protect them with extreme durability.

### ACCESSORIES:

Quick Patch 2 gallon Kit

SKU: SI-1652

Decorative Texture Mix

SKU: DM-3913

Half Pint Squat Cups Half Pint

SKU: TL-7361

Squat Cups Pint

SKU: TL-7363

Squat Cups Quart

SKU: TL-7365

### GREAT BENEFITS

- Repair cracks, chips, divots, spalling, and more
- Protects against freeze/thaw damage
- Resistant to most oils, solvents, caustics, and acids
- Quick turnaround
- Accepts most coatings
