INSTRUCTIONS

- 1) Align the Lavina to 3 Pin DZ Spheres Adapter with the machine's 3-pin DZ system.
- 2) Push or screw the adapter onto the attachment points. Ensure it clicks or locks into place securely. Depending on the design, you may need to twist or press it firmly until it's fully seated.
- 3) If the adapter has any locking mechanisms (such as screws or bolts), use the appropriate wrench or tool to tighten them. This step is crucial to prevent any movement during operation.
