SCANMASKIN ADAPTER TO LOGO SPHERES

INSTRUCTIONS

- 1) Place the Scanmaskin Adapter over the tool holder, aligning the holes or connectors on the grinder with those on the adapter. The adapter should sit securely without any wobble. Check that the connections align with the grinder's design.
- 2) Use the appropriate screws or bolts (as provided with the adapter) to secure it in place. Ensure they are tightened adequately to prevent the adapter from loosening during operation.
- 3) Attach the LOGO Spheres-compatible tooling by aligning it with the adapter's interface. The LOGO Spheres system usually allows for a secure and easy snap-in mechanism.
